# INNOVATIVE

Blending Solutions  
to meet your needs

**W**e are constantly evolving and looking for ways to provide our clients with a smoother user experience which we have won the UOB Digital Leap Awards and Winner of the Year award in 2019, with our self-developed in-house software system that manages our blending processes and allows our clients to track the status of their products in real-time.

SME  
DIGITAL  
LEAP  
AWARDS

**WINNER**  
OF THE YEAR 2019

**(OASIS) In-house  
developed software**

With our very own award-winning software control system, OASIS which is hosted in cloud computing, security, productivity and quality of the formulation batches is brought to another level. With OASIS you can be ensured that your formulations are only accessible by authorised personnel compared to other Tollers, lapses in their own system might cause unauthorised personnel to come in contact with the formulation.

**Integrated Supply Chain**

Starting from scratch in a new country can be difficult, with risks of not getting a reliable logistics provider, that might cost many unexpected delays and cock ups, that's why we also provide full 3rd party logistics with our own warehouses, transport fleets, freight forwarding for different forms of chemicals.

# OASIS

- Safe and secured, only authorised personnel from Aik Moh can access confidential documents.
- Handle and store customer confidential documents from products technical spec, MSDS, formulation sheets to blending batch reports and COA.
- Periodic maintaining of formulation control sheet and products spec to ensure correct versioning.
- Tracking of customers blending orders to generating batch blending reports.
- Extraction of product formulation and QC spec for production and QC testing by customer online. Past Batch reports and COA are uploaded into OASIS for safekeeping and future tracking.
- Statistics Process Control (SPC) capable to improve productivity and quality

# Process Flow

**Ease of Free Trade Agreement (FTA)**

**Excellent Location**

At Aik moh we have experience with many large companies, by working with us we are able to not only to help you apply for the Free trade Agreement but also have the ready licenses available from respective Singapore Government Agencies. Leave the heavy lifting to us.

Within a few hours of flight away from most of the world and located in the heart of Southeast-Asia, Singapore is the preferred Country to do business in due to its strategic location and reliable government. With one of the busiest ports in the world, it is classified as a premiere International Maritime Center.
